OSYSA is pleased to provide mailing and printing services for your tournament. You may do as much or as little as you like...You are required to complete and submit camera ready art if we print for your tournament. If you create your own mail piece, you must use the permit as provided by OSYSA. If the piece does not qualify as non-profit, we are able to provide a standard mail permit number. You must insure that the piece will qualify as an Automation Compatible Standard Mailing. For example, when looking at the address block, the piece must be folded with the folds on the bottom and the open end at the top. If it is an 11 x 17 self mailer, the folds must be at the right and the bottom with the open ends at the top and left as you look at the address block. You must also confirm with an OSYSA employee that you are using the correct permit for your mailing and your format complies with the automation standards established by the US Postal Service. The non profit permit should appear as below, and Ohio South's name and address must be used for the return address.
