RE: Ohio South Sanctioned Tournaments

We hope that you are staying safe and healthy. While we are still currently in Phase 2 of our Responsible RestartOhio guidelines, we are looking forward to a time that we can get back on the fields for games and tournaments!

SANCTIONED TOURNAMENTS

Please note that the Ohio Governor's orders will take precedence over any Ohio South permissions or tournament sanctioning. Although your organization has permission from Ohio South to host a tournament, that permission will be superseded by any orders from the State of Ohio. All tournaments will need to comply with the guidelines set by the state. It is possible that games or tournaments may be restricted, a maximum number of teams may be enforced, and travel for teams into/out of the state may be prohibited. Please know that we are happy to help you work through any questions as the new orders are released to ensure your tournament is in full compliance with the guidelines.
