## Summary of Merger & Rationale Release – 10/9/20

### Why is Ohio South and Ohio North Merging?

- Both State Associations conducted surveys with their memberships on what they were doing well and areas of improvement. After reviewing the results, it became clear that we could address many of those issues by merging.
- Opportunity to operate a 'Big Tent' concept to eliminate the fractured soccer landscape in Ohio and create a new entity that will revolutionize soccer in Ohio.
- Focus on connecting communities through soccer.
- Address the cultural differences in our members so that the smaller community-based leagues/clubs feel as much a part of the new Association as the larger city/ districtwide leagues and clubs
- Opportunity to rewrite bylaws, policies, etc., to be opportunity focused, not limiting, and better serve our members through statewide consistency.

- Opportunity to emerge from COVID-19 crisis in a position of strength.
- With combined assets (staff and financial), uniquely positioned to help our members grow and more effectively address their needs.
- Combined assets will allow us to further invest in programming and grow the game.
- Capitalize on shared staffing expertise & experience.

### Who Are the Members?

- Both leagues and clubs will be full voting members of the Ohio Soccer Association. Currently 40 out of the 55 State Associations have clubs as members – we needed to move in that direction.
- There will also be an opportunity for additional non-voting membership categories.

- There will be seven Districts. Each was created with geography, population and culture in mind.
- Each District will have an equal vote
